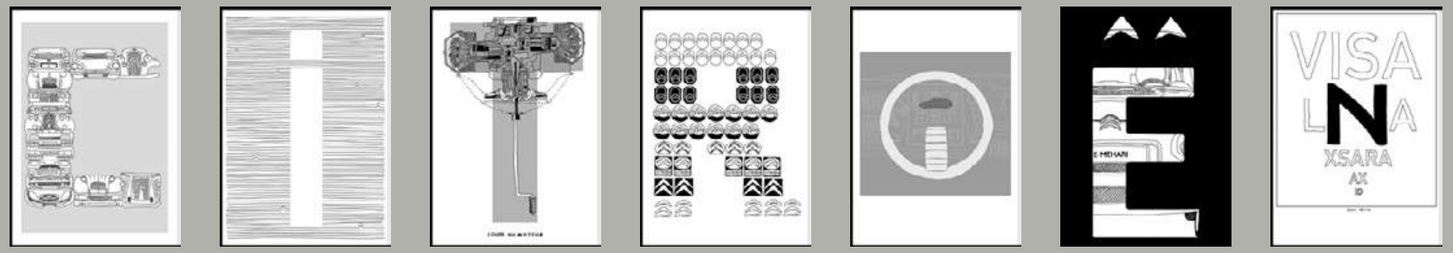
CITROËN
VM-080-VX
NEW CITROËN C5 X
AND C5 X PLUG-IN HYBRID



During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2019

CXperience Concept redefines the codes of a top-of-the-range saloon: bold body shape, designer inspired interior, cutting-edge technology... It distinguishes itself on all counts to the delight of automobile enthusiasts.

CITROËN Origins

CLICK ON THE LOGO TO FIND OUT MORE

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

A CITROËN FOR EVERYONE

Around town or across the country, every Citroën provides pure comfort and a welcoming environment. It's always been this way. Today, Citroën gives you the choice between internal combustion engine and electric vehicles.

PLUG-IN HYBRID OR PETROL

Citroën C5 X is available as either a plug-in hybrid or petrol version. The plug-in hybrid provides increased levels of comfort thanks to smooth and near-silent driving and its electric range is suitable for most daily journeys. For those longer trips, such as a summer holiday, the PureTech petrol engine takes over giving you the best of both worlds.

NEW CITROËN C5 X PLUG-IN HYBRID

225 HP COMBINED POWER

UP TO 31 MILES* RANGE IN ELECTRIC MODE

FROM 30 G OF CO_2/KM* AND 186.2-236.2 COMBINED MPG IN HYBRID MODE

FULLY CHARGED IN LESS THAN 2 HOURS VIA WALL BOX

PLUG-IN HYBRID

New Citroën C5 X Plug-in Hybrid offers zero compromise, combining the advantages of driving in electric mode for most daily journeys using its 81.2 kW motor with the efficient PureTech 180 Stop & Start Euro 6.3 petrol engine for those longer trips. When combined, the plug-in hybrid emits just 30g/km of CO_2 (WLTP combined cycle).

The electrified ë-EAT8 automatic gearbox ensures exceptional smoothness and driving ability thanks to the instant availability of 360 Nm of torque. C5 X Plug-in Hybrid also offers an ingenious 'Brake mode', that when selected, uses the electric motor to recover energy back into the battery when braking and decelerating. This feature is particularly beneficial when driving, allowing you to automatically and progressively slow the vehicle when lifting off the accelerator pedal.

Choose from four driving modes: Electric, Hybrid, Comfort or Sport. Just select your preferred option via the central console selector. The Citroën Advanced Comfort® Active Suspension automatically adapts to each of the driving modes.

IN ELECTRIC MODE	IN HYBRID MODE	IN COMFORT MODE	IN SPORT MODE
C5 X Plug-in Hybrid benefits from a range of up to 31 miles, suitable for the majority of daily journeys. This is the default mode if the battery is sufficiently charged.*	*Switching between the electric motor and petrol engine takes place automatically and is optimised to ensure the best efficiency.*	*Based on the hybrid mode, the comfort driving mode enhances driving comfort thanks to the Citroën Advanced Comfort® Active Suspension.*	*C5 X Plug-in Hybrid offers a more dynamic driving experience and improved road holding thanks to a combined output of 225 hp from the petrol engine and electric motor, plus firmer Citroën Advanced Comfort® Active Suspension.*

** The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors: (including but not limited to) the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures.*

PETROL ENGINES

There are two efficient, latest-generation Euro 6.3 petrol engines to choose from - PureTech 130 Stop & Start or PureTech 180 Stop & Start. Whichever you choose, both engines feature the advanced 8-speed EAT8 automatic gearbox which is perfectly suited to either PureTech engine, meaning smooth and quick gear changes.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

STYLE

SHARP AND DYNAMIC

New Citroën C5 X features a bold V-shaped LED light signature consisting of two distinctive sections. The first upper set flows out from the central chevrons and towards the edge of the bonnet, while the second lower set bleeds into the LED headlights, emphasising the width of C5 X.

The same bold lighting design features at the rear with matching geometric lines, which also feature on the rear quarter glass, and a V-shaped LED signature which is on both in the day and at night. Generously curved sections, sharp lines, chevron detailing and chrome elements further reinforce the width of C5 X.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

AN AVANT-GARDE BODY STYLE

In a class of its own, New Citroën C5 X achieves the perfect mix of a traditional large saloon with its long and imposing bonnet, a practical estate with its large boot and the raised posture of an SUV thanks to its large-diameter wheels.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

FLUID AND AERODYNAMIC LINES

New Citroën C5 X immediately arouses interest thanks to its aeronautic inspired body shape which is at once modern, generous and powerful. Its long roof line ends with a floating, aerodynamic upper spoiler. A second spoiler, in gloss black, offers support and braking stability. To further accentuate its distinctive character, C5 X is also offered with the option of a bi-tone black roof.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

LOUNGE INTERIOR

With its spacious interior, pure design and clean lines throughout, New Citroën C5 X gives passengers the feeling of sitting in a bright and airy lounge space. The refined surfaces and attention to detail provide serenity and a feeling of well-being.

C5 X's interior features floating design touches both on the dashboard and central console, accentuated with ambient lighting to bring brightness and elegance to the overall design - both day and night.

Particular attention has been paid to interior ergonomics, ensuring the best user experience for all. A large 12" HD touchscreen sits high up in the centre of the dashboard and is easily accessible by both driver and passenger. While a clear 7" digital driver's display is situated in front of the driver, enabling them to keep their eyes on the road ahead. Several storage compartments feature throughout, allowing you to stow away everyday objects ensuring the interior stays clutter-free.

4 INTERIOR AMBIENCES

There are four interior ambiences to choose from, each featuring warm and soft materials combined with touches of satin chrome and gloss black.

Urban Grey ambience features seats with a quilted grey herringbone fabric, Isabella black leather-effect and is finished off with a subtle grey graphic pattern on the seatback.

Metropolitan Grey ambience exudes refinement with seats featuring padded black Paloma leather, Isabella black and Nixon grey leather-effect and a grey seatback strip with a graphic pattern over-stitching.

Hype Black ambience offers a distinctive padded Mistral black Paloma grained leather with a perforated chevron inspired design. A grey strip breaks up the look and includes a graphic pattern overstitch. The dashboard and door trim decor feature a wood-effect design with a matching overlaid pattern, enhancing a feeling of warmth and well-being.

The ultimate choice, **Hype Adamantium** ambience combines padded Paloma black and grey grained leathers with a perforated chevron inspired design, while an overstitch wood-look strip unites the two. Finally, a chevron overstitch features across the top section. Further complemented by the wood-effect door trim and Adamantium grey wrapped dashboard.

CITROËN ADVANCED COMFORT®

WELL-BEING

Contemporary and welcoming, New Citroën C5 X's interior has been designed to ensure serenity reigns supreme. The CITROËN ADVANCED COMFORT® programme delivers innovative, technological and intelligent solutions to create well-being for drivers and passengers alike, and confirms Citroën's driving-comfort credentials. Four main themes are at the heart of this comfort engineering: the cocoon effect, practicality, fluidity and peace of mind.

FILTER OUT STRESS

MAKE LIFE ON BOARD EASIER

LIGHTEN THE MENTAL LOAD

CITROËN ADVANCED COMFORT®

ACTIVE SUSPENSION

A Citroën exclusive that recreates the silent and dynamic flying carpet effect of iconic Citroëns of previous generations. Citroën Advanced Comfort® Suspension is fitted as standard to all petrol version of New C5 X. This innovation enables you to overcome daily obstacles such as potholes, drains and speed bumps, all whilst remaining calm and relaxed.
New C5 X Plug-in Hybrid takes comfort to another level by offering Citroën Advanced Comfort® Active Suspension, as a world first. This combines the Progressive Hydraulic Cushions® with active suspension control. The highly responsive system individually adapts the suspension of each wheel, softening or firming, according to the driving conditions encountered. Sensors evaluate the imperfections in the road surface and transmit the information to an electronic control unit that optimises suspension configuration to provide the maximum level of comfort for all occupants at any given time. In addition to the ESP sensors, the controlled suspension has vertical position sensors and wheel speed sensors to analyse body movements and driving speed. This enhanced suspension control provides not only improved levels of comfort but also more dynamic road holding.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

ADVANCED COMFORT SEATS

New C5 X offers another exclusive Citroën innovation with its Advanced Comfort seats. They provide optical comfort with their visible padding, welcoming comfort with softness and support, dynamic comfort thanks to high-density foam at the heart of the seats and postural comfort by means of multi-way adjustment of front seats. The wide side and central armrests, present in the front and rear, provide the perfect complement to the seats.
New C5 X also offers the option of heated and ventilated seats with a massage function – you may never want to leave your car.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

Ë-COMFORT DRIVING PLEASURE

No noise, no vibration. Thanks to laminated, acoustically-insulated front and rear windscreens you are significantly shielded from road noise and sounds of the outside world. New C5 X Plug-in Hybrid offers a driving experience that is the pinnacle of comfort and silence. The seamless integration between electric motor and combustion engine ensure the vehicle moves off smoothly. The fast and efficient ë-EAT8 electronic automatic gearbox further enhances driving pleasure by providing immediately available torque. Absence of stress and a feeling of absolute tranquillity.

HANDS-FREE
ACCESS

New Citroën C5 X has a large, versatile and practical boot, easily rivalling pure estate vehicles. It features a wide and square opening, a low loading sill and straight sides. When extra space is required, folding down the rear seats reveals a completely flat floor, and floor rails make sliding large bulky items to the front easy. 'Magic Handles,' accessible from the boot, enable the rear seats to be folded down effortlessly. The tailgate also features an integrated load cover that rises out of the way when opening, making loading easier. There is also an optional hands-free motorised tailgate, so loading when your hands are full couldn't be easier.*

MY CITROËN DRIVE PLUS

New Citroën C5 X introduces an all-new, intuitive and connected user interface featuring a HD touchscreen, 4 type-C USB ports* and wireless charging for smartphones*. Intuitive and easy to use, this new 12" HD touchscreen allows you to personalise both the touchscreen and driver's display thanks to a system of useful widgets. This enables your favourite apps and content to be displayed on each screen, plus you can alter the content to suit your needs. This intelligent system also features new natural voice recognition. A personal assistant that understands what you say, answers your questions and carries out your requests. To activate My Citroën Drive Plus by voice, just say "Hello Citroën". For example, ask "Do I need an umbrella tomorrow in London?" to get a weather report or "Turn on the passenger heated seat" to activate the heated seat. You could also easily ask for navigation directions, start a phone call or even control your music.

** Depending on version.*

STAY CONNECTED

MY CITROËN PLAY PLUS

Connect your smartphone to access your favourite apps on the go directly from the 12" HD touchscreen. Get directions, make calls, send messages and stream music safely, all without taking your eyes off the road. This service is compatible with both Apple CarPlay® or Android Auto™ and works both wired and wirelessly.

MY CITROËN ASSIST

This ingenious service provides geolocalised emergency and assistance either automatically, say in case of an accident, or manually by pressing the relevant button. It is free of charge and is available 24 hours and day, seven days a week.

MY CITROËN APP

Remotely control certain functions of your Citroën C5 X via the My Citroën app, available to download via the Apple App Store or Google Play Store.
On New Citroën C5 X Plug-in Hybrid, you can easily check on the current charging status and electric range, schedule charging to take place at a later time and even pre-condition the interior temperature before your next trip.

EXTENDED HEAD UP DISPLAY

New Citroën C5 X features the latest-generation Extended Head-Up Display system*. An ingenious innovation that projects all essential driving information in colour, directly onto the windscreen, and so 4.5 metres ahead in the driver's line of sight. It significantly improves safety and peace of mind as the driver can keep their eyes on the road while still receiving navigation directions, speed, driving assistance systems and phone call details. Controlling and configuring the system is easy and is done via the steering wheel-mounted controls.

** Depending on version.*

HIGHWAY DRIVER ASSIST*

Ideal for use on motorways and dual carriageways, Highway Driver Assist enables the car to support the driver. Operational from speeds of 19 mph, the driver only needs to set the desired top speed and then the system, combining Lane Positioning Assist and Adaptive Cruise Control with Stop & Go functions, controls the vehicle's steering, speed and braking automatically. As such, when activated, the driver no longer needs to manage either the speed or trajectory. Note that for the system to remain operational, the driver must keep their hands on the wheel at all times and resuming control of the vehicle is possible at any point.

** Depending on version.*

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

SAFETY AND WELL-BEING ON BOARD

In addition to the driving assistance technologies listed below, New Citroën C5 X also features: Coffee Break Alert; Electric parking brake; Active Safety Brake; Collision Risk Alert; Cruise control; Hill Start Assist, Static Intersection Lighting; Trailer Stability Control and Reversing Camera with Top Rear Vision.

360 VISION*

Automatically activated when selecting reverse, a 360° bird's eye view is displayed on the touchscreen using four HD cameras to assist with low-speed manoeuvres and help eliminate any blind spots.

LONG RANGE BLIND SPOT MONITORING SYSTEM*

Useful on motorways and dual carriageways, the system alerts the driver with an orange light in the corner of each exterior mirror when there's a presence of a vehicle in the blind spot, and can spot hazards up to 70 metres away.

REAR CROSS TRAFFIC ALERT*

This system alerts the driver to hazards that may be out of view when reversing and can detect pedestrians, motorcycles, bicycles and vehicles.

PROXIMITY KEYLESS ENTRY AND START

The Proximity Keyless Entry and Start locks and unlocks Citroën C5 X automatically when the driver approaches or departs the vehicle when the key is on their person. To start the vehicle, simply press the Stop/Start button.

DRIVER ATTENTION ALERT

Assesses the driver's level of alertness by identifying trajectory changes in relation to the lane markings and prompts the driver to take a break. This feature is useful when driving on longer motorway journeys.

ACTIVE LANE DEPARTURE WARNING SYSTEM

This system uses a camera that recognises solid and broken lines on the road and is active when driving over 40 mph. If the line is crossed without the indicator being activated, the steering with gradually counter steer to keep the vehicle in its initial lane. This helps to combat a lack of alertness on the part of the driver.

HIGH BEAM ASSIST

Ensures optimal lighting when driving at night, the system automatically switches between dipped and high beam depending on the traffic situation, when oncoming cars are detected or during overtaking manoeuvres.

EXTENDED TRAFFIC SIGN RECOGNITION AND SPEED RECOMMENDATION*

This system uses a camera to detect a range of road signs and can present these onto the driver's display and Extended Head-Up Display. It can read speed limits, one-way, no overtaking, stop signs and end of overtaking signs. The driver can also accept the recommended speed limit and set it as their maximum speed for either cruise control or speed limiter.

** Depending on version.*

SIMPLE TO USE
PLUG-IN HYBRID

MOUSE OVER TO SEE THE DIFFERENT MODES

Living with New Citroën C5 X Plug-in Hybrid every day couldn't be easier. Using either the touchscreen or My Citroën app, charging of C5 X Plug-in Hybrid can be scheduled to take advantage of off-peak electricity tariffs. The charging flap, positioned at the rear left, features LED lights to display the current charging status or view remotely via the My Citroën app. Once charging has finished, there's a dedicated space under the boot floor to store the charging cables.
When driving in electric mode, a cyan-blue LED illuminates under the rearview mirror identifying that you are emitting zero emissions, helpful in cities where access may be restricted.

NEW C5 X PLUG-IN HYBRID'S TRACTION BATTERY IS WARRANTIED FOR 8 YEARS OR 100,000 MILES AT 70% OF ITS CHARGING CAPACITY.

ENQUIRY | TEST DRIVE | ORDER ONLINE | CONFIGURE | FOLLOW US

TYPES OF CHARGING

Whether out and about or at home, there are several charging solutions for New C5 X Plug-in Hybrid, so you will always find one to meet your needs.

MOUSE OVER TO SEE **THE TYPE OF CHARGE**

WALL BOX & PUBLIC CHARGING POINTS

Thanks to its 7.4kW on-board charger, Citroën C5 X Plug-in Hybrid can be fully charged in under two hours when using the supplied Type 2 charging cable and a 32A charge point.

STANDARD 3-PIN PLUG SOCKET

For occasional use, it is also possible to purchase (as an accessory) a 13A, 3-pin plug/socket domestic charging cable. Using this mode of charging, C5 X Plug-in Hybrid can be fully charged in under 8 hours.

INTUITIVE INTERFACE

The driver has access to several intuitive interfaces that are easy to read and use and assist in making the best use of the Hybrid powertrain. The driver's display features an electric section that can show the level of charge, remaining range and energy flows. Dedicated pages on the touchscreen display show the operating status of the Hybrid powertrain, deferred charging setup, the chosen temperature for interior pre-conditioning and the e-save function - which allows the driver to reserve part or all of the electric range for 100% electric driving later on in the journey. When Citroën C5 X Plug-in Hybrid is charging, the screen displays the remaining time left until fully charged, the recovered range in miles and the battery charge percentage.

Combined - Litres/100km (MPG)	5.8 - 6.8 (48.6 - 41.4)	6.4 - 7.4 (43.9 - 38.3)	1.2 - 1.5 (236.2 - 186.2)
Carbon Dioxide (CO2) emissions (g/km)	136 - 154	147 - 167	30 - 34

(1) Figures shown are for comparison purposes only; you should only compare these fuel consumption and CO_2 figures with other cars tested using the same technical standard. The fuel consumption you achieve, and CO_2 produced, in real world conditions will depend upon a number of factors: including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test WLTP (Worldwide Harmonised Light Vehicles Test Procedure) used to measure fuel consumption and CO_2 figures. The CO_2 figures shown are NEDCeq (New European Driving Cycle Equivalent), calculated using an EC correlation tool which converts WLTP figures to NEDC. These NEDCeq figures are based on the outgoing test cycle and will be used to calculate tax for the first registration. CO_2 and fuel economy figures may vary according to wheel fitment and optional extras fitted.

WARRANTY

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• CITROËN WARRANTY
Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

• CITROËN ASSISTANCE
Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at https://www.citroen.co.uk/owner-services/emergency-assistance

** 2 years' unlimited warranty. No-fee customer option of 1 year's Retailer provided warranty, only on cars sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 60,000 miles for cars.*
*** Against all internal to external perforation to bodywork or underbody.*

CONTRACT

• CITROËN MAINTENANCE
From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën retailer or Citroën Authorised Repairer.

• CITROËN SERVICING
Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën retailer.

• CITROËN MOT TEST
Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën retailer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO_2 figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO_2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO_2 emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO_2 and pricing for vehicles with optional equipment, please visit https://www.citroen.co.uk/configurator.html

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other cars tested to the same technical standard. The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures.

* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

NEW CITROËN C5 X

Models produced from 01 January 2023

Equipment

- • Standard equipment
- ○ Optional factory fitted equipment

Option availability varies according to version/engine/trim level.
Some options are only available as part of a pack.

Dimensions		
Length (mm)	4805	4805
Height (mm)	1485	1485
Width (mm) inc. mirrors/excl. mirrors	2062/1865	2062/1865

1 Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other cars tested to the same technical standard. The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors: (including but not limited to) the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures. These CO_2 figures are used to calculate the Vehicle Excise Duty (VED) for the first registration of the vehicle. The CO_2 figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.
