STANDARD SPECIFICATION

Safety & Security

- ABS (Anti-lock Braking System)
- Active bonnet
- Airbags
  - Adaptive driver and front passenger airbags (includes passenger airbag deactivation function)
  - Driver and front passenger side thorax airbags
  - Front and rear curtain airbags
- Alarm (perimetric, volumetric with lift and tilt sensor)
- Automatic door locking when moving off
- Automatic hazard light activation upon heavy brake application
- DAA1 (Driver attention alert system)
- Electric child locking functionality on rear windows and doors
- EBA (Emergency Brake Assist)
- EBD (Electronic Brake Force Distribution)
- ESP (Electronic Stability Programme)
- Exterior temperature indicator with ice warning
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- Front three-point retractable seatbelts, height adjustable with pre-tensioners and force limiters. (Include visual and sound alerts if seatbelts are not fastened / unfastened whilst vehicle is in motion)
- Front and rear disc brakes
- IRC (Recommended Gear Indicator) manual versions only
- Headlights left on audible warning
- Indirect tyre under-inflation detection
- Isofix Child seat fittings (x2) (Rear seats)
- Locking wheel nuts (standard on 18" and 19" alloy wheels)
- Passenger airbag deactivation switch (to allow for child seat fitment)
- Programmable cruise control and speed limiter
- Rear three-point retractable seatbelts (x3), with pre-tensioners and force limiters in the outer rear seats. (Include visual and sound alerts if seatbelts are unfastened whilst vehicle is in motion)
- Speed limit recognition and recommendation
- Puncture repair kit

Due to the ongoing worldwide shortage of components affecting all industries, specification on vehicles may vary. This could include but not limited to items such as Parking Sensors, Wireless Charging Plate, and 3D Quartz Cluster. Please contact your Retailer for the latest information.

STANDARD SPECIFICATION

Comfort & Convenience

- Central front armrest with butterfly-wing opening and illuminated storage compartment
- Driver plip action (isolated unlock function for drivers door)
- Electric, heated and power folding door mirrors
- Electric parking brake (includes hill assist)
- Electric power steering with reach and rake-adjustable steering column
- Front central console with two cup-holders
- Front windscreen wipers with 'Magic Wash' cleaning system
- Heated rear windscreen with integrated antenna
- Map pockets on front seat backs
- Multifunction trip computer
- One-touch electric front and rear windows with pinch protection
- PEUGEOT i-Cockpit®:
  - Configurable 12.3" head-up digital instrument panel
  - 8.0" capacitive touchscreen
  - Compact multi-function steering wheel
- Power folding door mirrors
- Push button start
- Rear centre console ventilation system
- Rear coat hooks (x2)
- Rear seat ventilation (located in rear of centre console)
- Rear side and tailgate windows: Tinted
- Remote central locking (two remotes)
- 1/3 – 2/3 folding rear seat
- 3.7 kW monophase On board charger (Hybrid versions)
- Mode 3 type 2 cable for Wallbox charging (Hybrid versions)

Interior Features

- Dashboard, front and rear door panel finish: Carbon effect
- Flocked glove box interior with illumination
- Gear lever – automatic in full grain leather and satin chrome
- Interior LED lighting: front LED roof lighting with 3 x spotlights, 2 x LED ambient lights and 2 x rear reading lights, LED lighting in boot, glove box and connecting zone
- Pedals and foot rest: black rubber
- 'Piano keys': chrome plated toggle switches to access touchscreen functions
- Roof lining – 'Salin' light grey

In Car Entertainment

- Bluetooth® telephone facility
- USB socket (x2) front
- 8-speaker radio, MP3 compatible
- 12 V socket (Active only)

Exterior Features

- Aluminium longitudinal roof bars (SW Only)
- Body-colour exterior door handles
- Door mirror shells: Nera Black
- Gloss black B and C pillar and aerodynamic deflector trim
- Gloss black strip rear cluster connecting strip
- Model designation badges front and rear
- Radiator grille: chrome facets and gloss black edge trim
- Rear lower bumper gloss black 'diffuser effect' trim
- Side window trim: aluminium

Exterior Lighting and Visibility

- Door mirror mounted LED courtesy approach lights
- Halogen headlights
- LED daytime running lights
- LED side indicator lights integrated into door mirrors
- Rear foglights
- Rear number plate lights (x2)
- Rear LED PEUGEOT signature 'Claw Effect' lights (with daylight function)
- Rear reversing lights

PEUGEOT 508 & 508 SW
STANDARD EQUIPMENT BY VERSION

ALLURE PREMIUM
AVAILABLE IN PETROL, DIESEL & HYBRID

With added style and specification, enjoy the ultimate in understated luxury.

SAFETY AND SECURITY

- PEUGEOT Connect SOS and Assistance
- Safety plus pack
  - Blind Spot Monitoring
  - DAA3 (Advanced Driver Attention Alert)
  - PEUGEOT Smartbeam Assistance
  - Speed limit + road sign recognition and recommendation
- Drive Assist Pack Plus
  - ACC Stop and Go (Adaptive Cruise Control with stop and go function)
  - Lane positioning assist

COMFORT & CONVENIENCE

- Automatic dual zone climate control
- PEUGEOT Open and Go (keyless entry and push button start)
- Visio Park 1
  - Parking sensors - front and rear
  - 180° colour reversing camera
- PEUGEOT i-Cockpit®:
  - 10.0" High definition (HD) capacitive touchscreen
- Power folding door mirrors with blind spot detection indicator
- Rear armrest with ski flap and two cup-holders
- Rear side and tailgate windows: Dark tinted

IN CAR ENTERTAINMENT

- Connected 3D Navigation*
  - Automatic connection via PEUGEOT Connect
  - TomTom® Live updates (3 year subscription)^
  - SpeedCam/Danger Zones (3 year subscription)
- Voice recognition (radio, navigation and telephony features)
- USB socket (x2) rear (in lieu of 12v socket)

EXTERIOR FEATURES

- 17" 'Merion' diamond cut two tone alloy wheels

EXTERIOR LIGHTING AND VISIBILITY

- Full LED headlights with static cornering light functionality
- LED front indicators
- Rear full LED 3D rear PEUGEOT signature 'Claw Effect' lights (with sequential 'welcome sequence' upon unlocking the vehicle)

INTERIOR FEATURES

- Ambient lighting to storage compartments
- Front and rear carpet mats in black with 'Beton' grey stitch detail
- Interior LED lighting plus: interior lighting as per Active Premium plus boot lighting x 2, illumination to vanity mirrors, centre console storage, cup holders and front footwells
- Seating
  - Driver and front passenger seat electric lumbar
  - Mistral tri-material 'Imila' leather effect and 'Brumeo' cloth seat trim with grey 'Béton' stitch detail

All vehicles are RDE2 compliant

CO2 figures, P11D values, BIK%, BIK£ and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO2 emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO2 and pricing for vehicles with optional equipment, please visit www.peugeot.co.uk and configure your chosen vehicle with your preferred options.

*Indicative monthly BIK amounts are calculated by taking the P11D of a standard factory built vehicle without the addition of any optional equipment. This is then multiplied by the income tax rate (20 or 40%) giving an annual amount. This figure is then divided by 12 to reach a monthly amount. The figures quoted are for guidance only. For further information on company car tax comparisons please visit www.compare.peugeot.co.uk/company-car-tax.

The fuel consumption or electric range achieved, and CO2 produced (where applicable), in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery (PHEV only); variations in weather; driving styles and vehicle load. The plug-in hybrid range requires mains electricity for charging. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO2 figures.'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

Figures shown are for comparison purposes and should only be compared to the fuel consumption, electric range and CO2 values of other cars tested to the same technical standard.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

Due to the ongoing worldwide shortage of components affecting all industries, specification on vehicles may vary. This could include but not limited to items such as Parking Sensors, Wireless Charging Plate, and 3D Quartz Cluster. Please contact your Retailer for the latest information.

PEUGEOT i-Cockpit®

Since launching in 2012, PEUGEOT i-Cockpit® has re-written the rule book for car interior architecture. The PEUGEOT i-Cockpit® philosophy centres around a driving environment that puts you in control, allowing a greater connection to the road. For PEUGEOT 508, the PEUGEOT i-Cockpit® brings driving resolutely into the digital age.

The PEUGEOT i-Cockpit®, comprises of the following key features:

PEUGEOT i-Cockpit®

Configurable 12.3" head-up digital instrument panel

Available as standard across the PEUGEOT 508 range, this 12.3" TFT 100% digital screen can be customised to suit the driver's needs. As the panel is positioned higher, it is closer to the road and is more within the driver's field of vision. This can increase safety when compared to a conventional setup where the dials sit within the wheel, further from the road.

The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes including:

- **'Dials'** mode, a classic view to replicate the analogue set-up of most modern cars
- **'Navigation'** mode, standard from Allure turns the dials on their sides to a 'roller' format, 3D navigation with instructions fill the centre of the display
- **'Driving'** mode with 'roller' format dials and driver assistance information including Lane Keeping Assistance (LKA) and ACC Stop
- **'Night Vision'** optional from GT, the night vision display is relayed through the digital instrument panel and framed by 'roller' format dials

In addition to the above a 'Personal' mode can also be configured, for optimum comfort.

'Dials' Mode (GT Models)

'Driving' Mode

'Navigation' Mode

'Night Vision' Mode (GT Premium models)

PEUGEOT i-Cockpit®

Compact multi-function steering wheel

Compact dimensions coupled with a re-designed shape enhance every journey in PEUGEOT 508. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responses and improved agility.

When it comes to round town or navigating car parks its compact dimensions make light work of wheel winding to manoeuvre into a space. In terms of finish all models are trimmed with Mistral full-grain leather with stitch detail. Sports models benefit further from Aikinite stitching, perforation detail and a satin chrome model designation badge.

Electric Impulse Automatic Gearbox Control
(standard on auto versions)

Linked to the Efficient 8- Speed Automatic Transmission (EAT8) with Quickshift Technology. This stylish gearbox control with its ergonomic design complements the PEUGEOT i-Cockpit®. Trimmed with full-grain leather, satin chrome and piano black materials, this compact gearbox control even helps to free up space within the cabin.

Operation is intuitive and smooth, for the more exuberant driver a manual driving mode is also available, changes can be performed seamlessly via the steering column mounted paddles.

'Carbon' Effect Dashboard and Door Panel Trim

10.0" high definition (HD) capacitive touchscreen
(standard on all versions)

With crystal clear graphics, the 10.0" capacitive touchscreen houses several key technological features on the PEUGEOT 508. Capacitive technology helps to give Smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.

For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available.

- Automatic dual zone climate control
- DAB Radio (Digital Audio Broadcasting)
- Mirror Screen®: (Apple CarPlay™ and Android Auto)
- Connected 3D Navigation: includes TomTom® Live updates*^

Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

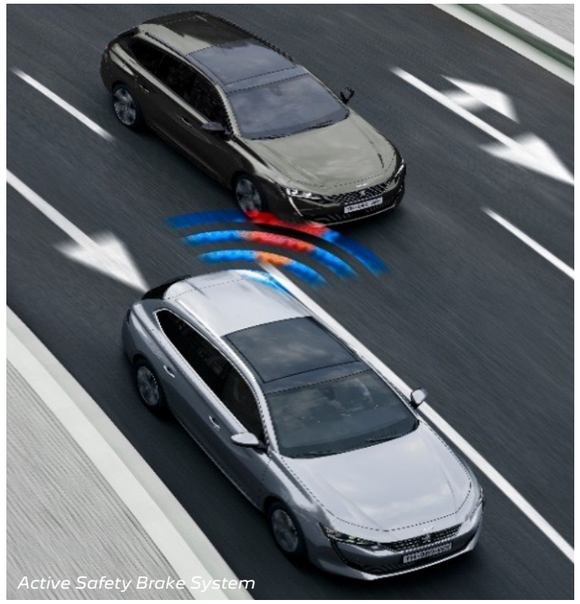
SAFETY TECHNOLOGY



Active Safety Brake System

Active Safety Brake System (standard on all versions)

An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle's speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle's brakes. Using a bumper mounted radar and multifunction camera located at the top of the windscreen able to detect obstructions on the road.
The system works in the following ways, both day and night:

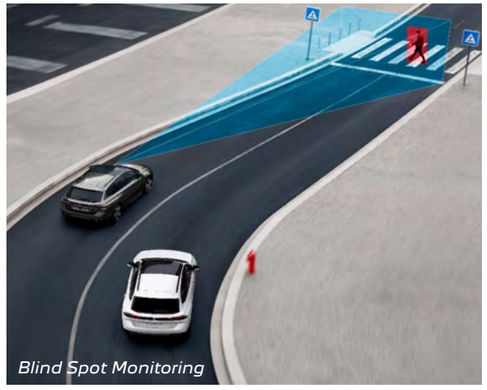
- Between 0 and 18mph, collision avoidance for fixed and moving obstacles and pedestrians
- Beyond 18mph limiting the severity of an impact by reducing the vehicles speed by at least 12mph before impact

Distance Alert System (standard on all versions)

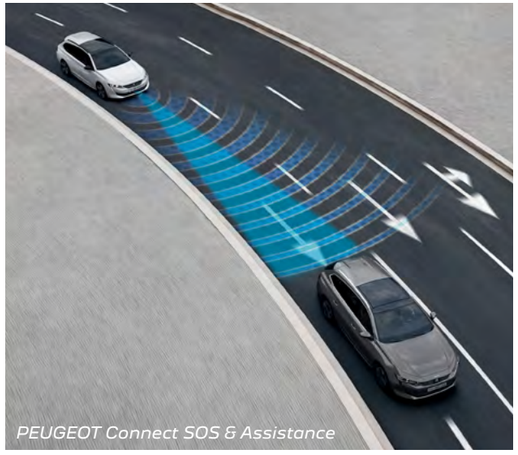
Working in conjunction with the Automatic Emergency Braking System, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first 'Amber' warning provides a visual alert to the potential risk. In a more a severe instance a 'Red' visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the Automatic Emergency Braking System.

Blind Spot Monitoring (BSD) (standard on all versions)

Linked to the Safety Plus Pack, now you can enjoy the feeling of having eyes in the back of your head. Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert to the presence of a car, lorry, motorbike or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 8mph right up to the National Speed Limit.



Blind Spot Monitoring



PEUGEOT Connect SOS & Assistance

PEUGEOT Connect SOS & Assistance
(standard on all versions)

A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pyrotechnic devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

PEUGEOT are the pioneers of this technology, since launching in 2003 PEUGEOT Connect SOS & Assistance has assisted over 7,000 individuals. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

Adaptive Cruise Control with Stop and Go (ACC Stop and Go)
(standard on all versions)

Cruise control as you know it, will never be the same again with PEUGEOT 508 fitted with EAT8 automatic gearbox technology. Controlled via a radar mounted at the front of the vehicle, the ACC Stop and Go system provides two key functions:

- Automatic maintenance of the vehicles speed, at the value set by the driver.
- Automatic maintenance of a set distance between PEUGEOT 508 and the vehicle in front, slowing the vehicle to a stop if required and then moving off automatically when conditions alllow.

The system detects a vehicle driving in front in the same direction and can automatically adapt the vehicle's speed to that of the vehicle in front. This occurs using engine braking and the braking system (in which case the brake lights are lit) to maintain a constant distance.

When activated, ACC Stop and Go also incorporates Lane Positioning Assist , to position the car centrally within its lane, particularly useful for motorway driving.

SAFETY TECHNOLOGY

Lane Keeping Technologies

Lane Keeping Technologies

Via a windscreen mounted camera PEUGEOT 508 offers the following lane keeping technologies:

Active Lane Keeping Assistance (LKA) + Road Edge Detection (standard on all versions)

A system that monitors longitudinal lane markings on the ground. If a deviation is detected across a lane marking, you are alerted by a flashing indicator on the digital instrument panel in the cabin.

In addition as soon as the system identifies a risk of accidentally crossing one of the marking lines detected on the ground, the steering is gradually corrected to keep the vehicle in lane, at speeds of over 40mph. For further peace of mind, road edge detection is also included to reduce the likelihood of the vehicle leaving the road in an accident.

Lane Positioning Assist (standard on all versions)

Linked to Adaptive Cruise Control with Stop and Go function. This intelligent system positions the car centrally with the middle of a lane, applying left and right trajectory corrections accordingly.

Smartbeam Assistance

PEUGEOT Smartbeam Assistance
(standard on all versions)

PEUGEOT Smartbeam Assistance gives you one less thing to think about when driving at night. Controlled via a windscreen mounted camera, the system continuously analyses driving conditions, for instance the proximity of other vehicles.

PEUGEOT Smartbeam Assistance automatically switches headlights to full beam when conditions allow, allowing you to tap into the full potential of the full LED headlights.

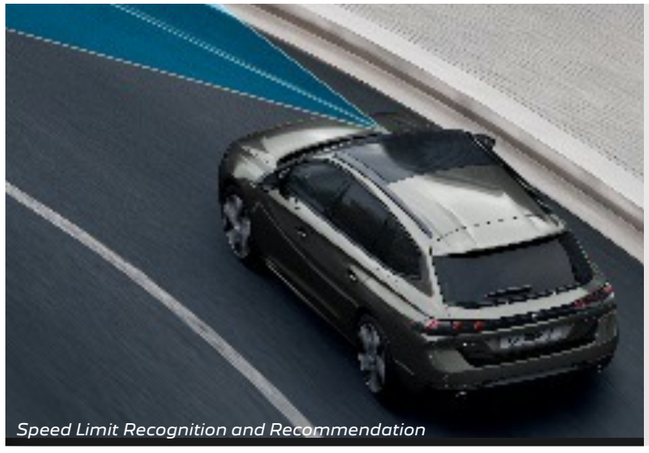
Driver Attention Alert

To help keep you alert behind the wheel, PEUGEOT 508 features a driver alert system for added safety on the road:

Driver Attention Alert 3 (DAA3)
(standard on all versions)

Controlled by a camera at the top of the windscreen designed to analyse the vehicles trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings, PEUGEOT 508 is able to determine whether the vehicle's behaviour reflects a certain degree of driver drowsiness or inattention. If it is felt that the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.



Speed Limit Recognition and Recommendation

Speed Limit Recognition and Recommendation (standard on all versions)

Using the windscreen mounted camera, PEUGEOT 508 features speed limit sign recognition, leaving you in no doubt over the speed limit. Upon detecting a speed limit sign this information is read by the camera and displayed in colour on the head-up digital instrument panel.

In addition the driver also has the option to adapt their speed to the speed limit on the particular road via the vehicles cruise control stalk. The vehicle will then adjust its speed accordingly.

Road Sign Recognition and Recommendation (standard on all versions)

In addition to speed limit recognition, PEUGEOT 508 can also read and interpret various road signs, including 'Stop', 'One Way' and 'No Overtaking'. These are then relayed through the head-up digital instrument panel, in plain view of the drivers line of sight, reducing the chance of a road instruction being missed.

USEFUL VIDEOS

Drive Assist Plus

INNOVATIVE TECHNOLOGY

Mirror Screen®

FOCAL® Premium HIFI Speaker Systems (standard on GT Premium)

Specialising in acoustics for 35 years and known throughout the world for their patented innovations and unique sound signature, PEUGEOT are proud to offer FOCAL® technology for the ultimate in car acoustic experience.

The system comes equipped with ten loudspeakers comprising the following:

- High-fidelity woofers/mediums featuring Polyglass technology ensuring a balanced, precise sound.
- TNF tweeters featuring aluminium inverted dome technology, offering optimum sound dispersion and crisp trebles.
- Subwoofer featuring Power Flower™ 200 mm triple-coil technology for defined, dynamic performance in the bass frequency.
- Active 12 channel/515 watt amplification for optimum sound quality.

Enjoy the perfect soundtrack on every journey with PEUGEOT 508 and FOCAL®.

Mirror Screen® (standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 8.0" and 10.0" capacitive colour touchscreen systems. System features vary by provider/phone and can include navigation, text display, text reading, media functionality voice control. Mirror Screen® uses the following systems:

- **Apple CarPlay™**
- **Android Auto**

*Please consult peugeot.co.uk for a list of enabled Android phones – compatibility is based on the phone providers' original operating system.

CarPlay

androidauto

Connected 3D Navigation* (standard on all versions)

Linked to the 10.0" high definition (HD) capacitive touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

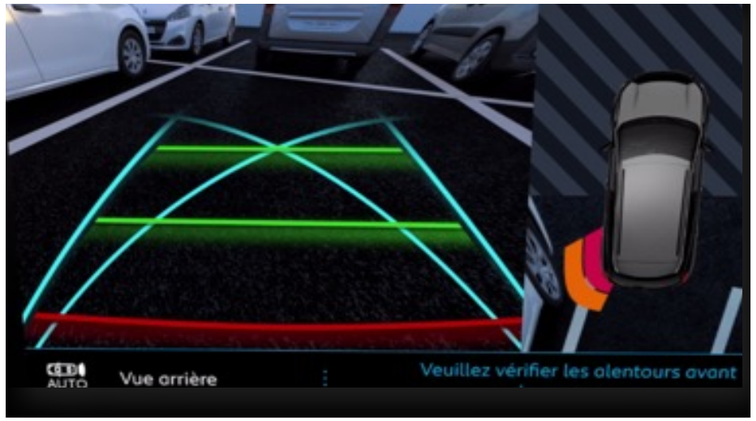
The system also includes a 3 year subscription^ to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:

- **TomTom® Traffic:** Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- **Local Weather:** Displays forecasted weather conditions along the route.
- **Fuel Stations:** Displays nearby fuel stations and pricing.
- **Local search:** Access address and contact detail information for a point of interest.

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

^Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: https://services-store.peugeot.co.uk

INNOVATIVE TECHNOLOGY

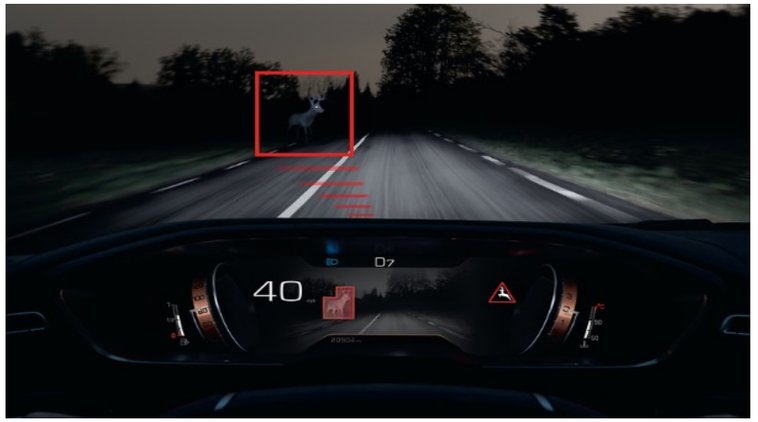


Visio Park 1 (standard on Allure Premium and GT)

Incorporates front and rear sensors with a rear camera. The rear camera offers a variety of views including rear 'Grid' view, '180°' view, useful for reversing out of spaces and an 'Overhead' view making it easier when reversing near obstacles.

Visio Park 2 (standard on GT Premium)

In addition to Visio Park 1, this option pack includes a front camera to give a '360°' view, highlighting obstacles when pulling into a car park space.



Night Vision (optional from GT)

Thanks to an infrared camera in the front grille of the vehicle, at night the system detects the presence of pedestrians/animals up to 200 metres beyond the range of the headlights.

The image generated by the system is displayed in the driver's field of vision, via the 12.3" head-up instrument display panel. Upon detection of an obstacle, two levels of alert are provided to the driver based on the severity of the situation (distance from hazard).

EXTERIOR STYLE AND PRACTICALITY

Front

With a striking exterior design, 508 does not fail to make its presence known.

Bold details are everywhere to be seen, to the front, the long, sculpted bonnet is headed by the '508' inscription, taking inspiration directly from the iconic PEUGEOT 504 & 504 Coupé.

The sharp headlights, fitted with full LED technology echo the striking bodywork design. Adding further to the design, full LED headlights also come with striking vertical LED daytime running lights that frame the front of the car with beautiful symmetry, taking inspiration from the PEUGEOT Instinct concept car.

Three prominent front grille designs are available according to version, chrome facets combined with a gloss black edge trim (from Active level), chequered with chrome edge trim (from GT level).

Offering both style and substance, 508 features an 'Active Bonnet' as standard across the range for optimised pedestrian safety.

Profile

In profile the flowing 'shooting brake' inspired silhouette of 508 comes to life, striking details include:

Frameless doors on every version, contribute to the low overall height of 1.4m (Fastback) or 1.42m (SW) complete with dark tinted rear side and tailgate windows (standard on all versions)

Aluminium longitudinal roof bars available in two finishes, aluminium (standard on 508 SW versions).

Framing the side window apertures, elegant trim contributes to the stylistic touches. Two finishes are available dependent on version, aluminium (on Allure Premium versions) or gloss black (from GT level).

Alloy wheels (standard on all levels) range from 16" to 19", with a choice of finishes available (acording to version) including intricate diamond cut and tinted varnish detailing.

Further stylistic touches include the sharp crease commencing below the door mirror housing leading to the to the rear light cluster, giving the car a beautifully sculpted shoulder.

Rear

At the rear, the flowing silhouette of PEUGEOT 508 comes together beautifully, signature PEUGEOT design touches include:

Rear LED 'Claw Effect' lighting, available in a choice of two styles (dependent on version), a 'classic' style is available on Allure Premium level whilst a more 'dynamic' adaptive 3D design features from GT level.

Gloss black rear cluster connecting strip, framed by the rear light clusters, further enhances the distinctive rear design.

Rear bumper diffuser trim finished in gloss black adds further to the sports design.

Practical touches have been beautifully incorporated into the sculpted rear, an absence of a roof mounted antenna gives a more purposeful stance whilst the sculpted rear tailgate on the 508 SW provides easy access to the large load area. Or the fastback rear design with lifting rear windscreen allows easier access to the large, 487 litre load space.

Panoramic Opening Glass Roof
(available as an option)

Enjoy the world outside with PEUGEOT 508 with the optional large panoramic opening glass roof. Bathing the cabin in natural light with dimensions of 2"x 22", the panoramic opening glass roof enhances the appearance of the PEUGEOT 508. For an added breath of fresh air the glass panel includes a tilt function and can be opened.

An electric roller blind is also included, in Mistral black.

EXTERIOR STYLE AND PRACTICALITY

Full LED Headlights (standard on all versions)

Full LED Headlights: Light Emitting Diode (LED) technology allows you to enjoy the following benefits:

- LED technology consumes considerably less energy to produce light, 50% less than halogen and 35% less than xenon technologies.
- LED technology offers a whiter light for improved visibility at night, the light is also more similar to daylight, leading to reduced driver eye fatigue, improving safety.
- LED technology requires no warm up time with instantaneous lighting response when compared to conventional halogen technologies.
- LED technology will last for the life of the car, compared to halogen technology with much shorter life expectancy.
- LED technology offers a very striking visual signature that perfectly complements the sharp exterior design.

For an additional dose of style, in conjunction with full LED headlights, PEUGEOT 508 also features a scrolling 'welcome sequence' to the rear, upon unlocking of the vehicle.

By scrolling inwards and outwards across the rear 3D led 'claw effect' lights, the sequential motion provides a real sense of occasion, on approach to the vehicle.

In addition, LED lighting technology is also used for both braking and indicating functions.

Practicality (SW Versions)

Practicality: PEUGEOT 508 SW features a large uniform load space. The boot area level with the retractable parcel shelf in place holds up to 530 litres, this extends up to an impressive 1780 litres with the rear seats folded flat, loaded to the roof.

"Magic Flat" Rear Seats: Offer 2/3 1/3 split fold functionality, when lowered, the rear seats lie flat to optimise loading. Lowering the seats couldn't be easier, simply pull the handles located in the boot area, a particularly useful feature when loading items in tighter spaces, as there is no need to open the rear doors to lower the seats.

Retractable Tonneau Cover: A cover that can be pulled across to conceal items in the boot, retracted to allow for greater access, or removed all together for optimised load space with the seats folded. For added flexibility the toneau cover can be stored with ease under the boot floor in a designated space.

Boot Sill Height: The design of PEUGEOT 508 SW incorporates one of the lowest boot sills in the class. The unladen height is just 63.5cm, this allows easier loading and unloading of bulky or heavy items whilst also providing easier access for pets.

Aluminium Boot Rails: For additional security on the move, boot rails, complete with adjustable tethering hooks can be used to prevent items moving. (Standard on GT Premium)

Frameless Doors (standard on all versions)

Taken straight from the world of the sports coupé, PEUGEOT 508 features frameless front and rear doors. Featuring a 'short-drop' system, the windows automatically lower a few millimetres upon pulling the door handle. Upon closing the door the windows will return back to their original position.

Frameless doors contribute to the low and flowing silhouette of 508, allowing the car to maintain a height of just 1.4m (Fastback) or 1.42m (SW).

For improved access to the rear, the rear window also features a fixed rear sections to give a larger rear aperture.

For optimum refinement, the side windows have been thickened by 1mm to increase the sense of tranquility onboard.

LIVE THE POWER OF CHOICE

Plug-in HYBRID vehicle (Excl PSE)

The PEUGEOT 508 plug-in HYBRID is available with our efficient Puretech 180 engine combined with a 80kw (110) electric engine.

The PEUGEOT 508 plug-in HYBRID features the following key elements:

TECHNICAL

Efficient Puretech 180 engine combined with a 80kw (110) electric engine, complete with the electrified EAT8 gearbox (e-EAT8).

This efficient combination gives you a combined power output of 225hp (165KW) as well as a lively and stimulating drive with immediate reactivity.

Battery Li-Ion 12.4KWH with 8 year/100,000 mile traction battery warranty.

EMP2 platform

The new EMP2 platform has been developed to incorporate an ICE engine along with an electric motor whilst preserving space on board and boot volume. Particular attention was given to weight reduction and balance to make sure the driving experience in the PEUGEOT 508 is as rewarding as possible.

Electric Range WLTP combined cycle (miles)

37-40

Charging flexibility with 3 modes available

Domestic (AC) 1.8kWh from a regular socket, full charge in 7hrs 10 mins (accessory cable needed).

Fast (AC) 7kWh from a Wall Box, full charge in 1 hr 45 mins.

USAGE

3 driving modes

In the PEUGEOT 508 plug-in HYBRID you will be able to chose between 3 driving modes:

Hybrid Alternation of electric and internal combustion engine driving to optimise the use of energies

Electric Allows for 100% electric driving

Sport Uses all of the power of internal combustion and electric engines for maximum performance.

PHEV SERVICES

MyPeugeot App

Charge management Control, plan, launch and check the vehicle's charge remotely.

Climate preset Remotely plan and control the heating or air conditioning in the interior of your car.

e-Coaching Consumption logs and statistics.

Home charging

The PEUGEOT 508 comes with a Mode 3 Type 2 cable as standard (6 metres length), which will charge the vehicle in 1 hour 45 mins on a 7kW charging point. We recommend installing a wallbox at home and PEUGEOT will refer you to their specialist charging partner, who are fully approved for the homecharge grant contribution from the government.

Charging Pass

PEUGEOT will provide access to certain UK public charging points through a free subscription for an introductory period.

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation, additional costs may apply.

PHEV STYLING

The PEUGEOT 508 plug-in HYBRID comes with distinctive and excusive touches:

Distinctive HYBRID badging on the A-pillar (SW) or C-pillar (Fastback) and rear tailgate

The PEUGEOT 508 features specific technological animations and menus on the touchscreen so that you can access easily all the information needed.

Specific HYBRID graphics available through the New i-Cockpit® & Touchscreen

e-SAVE FUNCTION allows you to save or regenerate all or part of the battery for later use during your journey.

An 'e' monogram on the front side panel and tailgate.

508 Fastback

508 & 508 SW PEUGEOT SPORT ENGINEERED (PSE)
FULL ELECTRIC PLUG-IN HYBRID WITHOUT COMPROMISE

LIVE THE POWER OF CHOICE

Plug-in HYBRID vehicle

The 508 & 508 SW PEUGEOT SPORT ENGINEERED (PSE) plug-in HYBRID is available with our efficient PureTech 200* engine combined with a front electric engine of 81KW (110HP*) and rear electric engine of 83KW (113HP*)

The PEUGEOT 508 & 508 SW PEUGEOT SPORT ENGINEERED (PSE) plug-in HYBRID features the following key elements:

TECHNICAL

Efficient PureTech 200* engine combined with a 81kw (110*) electric front engine, and 83KW (113HP*) electric rear engine, complete with the electrified EAT8 gearbox (e-EAT8).

This efficient combination gives you a combined power output of 360hp (268KW) as well as a lively and stimulating drive with immediate reactivity.

Battery Li-Ion 12.4 kWh with 8 year/100,000 mile traction battery warranty.

EMP2 platform

The new EMP2 platform has been developed to incorporate an ICE engine along with two electric motors whilst preserving space on board and boot volume. Particular attention was given to weight reduction and balance to make sure the driving experience in the PEUGEOT 508 PSE is as rewarding as possible.

Electric Range WLTP combined cycle (miles)

32

*Combined total power (Petrol and Electric engines) of 360 hp and maximum combined torque of 520Nm.

Charging flexibility with 2 modes available

Domestic (AC) 2.3kWh from a regular socket, full charge in 7hrs (accessory cable needed).

Standard 7.4kWh from a wall box, full charge in 1hr 45 mins (7.4kWh on board charger - standard on PSE versions).

USAGE

5 driving modes

In the PEUGEOT 508 PSE plug-in HYBRID you will be able to chose between 5 driving modes:

Electric Mode Drive up to 80mph with 32 mile range (WLTP)

4WD Mode 4 wheel drive provides peace of mind on low grip roads.

Sport Mode Thermal & electrical power provide instantaneous response.

Hybrid Mode Electric and combustion mode alternates to optimise the use of energy.

Comfort Mode Energy used as per Hybrid mode but with flexibility on damping for greater versatility.

Front Seating

The front seats on PEUGEOT 508 have been developed to provide heightened sensations of comfort and support, enlivened with a touch of sportiness.

This brief has resulted in seating that will make every journey, no matter the distance, an absolute pleasure. Front seats benefit from the following features (according to trim level):

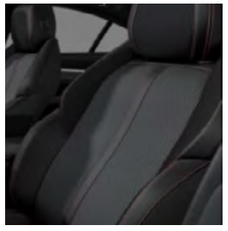
- Electric multi-way adjustment: (height, longitudinal, seat back angle and seat cushion angle). **Standard on GT Premium level**.
- Heating function: with 3 pre set temperatures, (includes heating elements in the seat base and back rest), **Standard from GT Premium**.
- Multi-point massage function: with eight-pocket pneumatic technology to provide a luxurious massage, with five different massage types. **Standard on GT Premium, optional from GT. (linked to Mistral and Alcantara option packages)**
- Driver seat memory: memorises driver seat and door mirrors positions for up to two people, optional from GT. **(linked to Mistral and Alcantara option package)**
- Electric lumbar adjustment: offers optimum back support for driver and front passenger. **Standard on Allure Premium level**
- Adjustable cushion nose: adds greater depth to the front seat bases, providing extra support to the backs of front seat occupants legs. **Standard from GT.**

AGR Approval (Aktion für Gesunder Rücken)

As a result of the above specification, every 508 SW features front seats (driver only on Active) that comply with the AGR association's 'Actions for a Healthy Back' initiative., as all models comply with the fitment of the following features as a minimum:

Adjustable seat cushion nose (mechanical) - Adjustable seat angle (electric) – Four-way adjustable lumbar support (electric pneumatic) (driver only)

Mistral tri-material 'Imila' leather effect and 'Brumeo' cloth



Mistral tri-material 'Belomka' leather effect and 'Ornis' cloth

Nappa Mistral full grain leather

Mistral leather effect/ Mistral Alcantara

FUEL		
Capacity (litres)	62	55

The fuel consumption or electric range achieved, and CO2 produced (where applicable), in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery; variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO2 figures.

Figures shown are for comparison purposes and should only be compared to the fuel consumption, electric range and CO2 values of other cars tested to the same technical standard.

^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph.

^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.

^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.

^* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.

^*^ 'COMBINED': A mixed journey average of all elements

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

PEUGEOT OFFER TWO LEVELS OF SERVICE PLAN CONTRACTS

What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available
- All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan.

Monthly price examples*:

508 & 508 SW Petrol / Diesel

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
£20.67 per month	£25.25 per month	£23.60 per month

508 & 508 SW Hybrid

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
£24.80 per month	£30.30 per month	£28.32 per month

*Price examples based on an annual mileage of 10,000 per annum. Updated on 01/09/2022.

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Retailer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period.

Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

PREVIOUS PAGE

EXTENDED PEUGEOT ASSISTANCE*

What's included: Extension of your PEUGEOT Assistance Cover:

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years

Cover includes:

- PEUGEOT Assistance from Home
- PEUGEOT Roadside Assistance
- PEUGEOT Recovery
- PEUGEOT Onward Travel
- PEUGEOT European Cover

*Excludes non-vehicle induced faults.

TO FIND OUT ABOUT EXTENDING YOUR PEUGEOT ASSISTANCE COVER **CALL 0800 294 0294**

*Applies to diesel vehicles that do not meet the real driving emissions step 2 (RDE2) standard. VAT is calculated at 20%. VAT is not applicable to cars sold in the Channel Islands.
Cars with a list price of over £40,000 at first registration will pay an additional rate of £355 per year on top of annual tax 'standard rate', for five years from the start of the second licence, before returning to the rates listed above. This supplement does not apply to electric vehicles.

PEUGEOT 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK PEUGEOT Retailer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Retailer Network in the UK.

PEUGEOT ASSISTANCE

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at **www.peugeot.co.uk**

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Retailer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.
