REXTON
REXTON
SSANGYONG

This is Rexton, the serious SUV

This is Rexton. This is a seriously well-crafted Korean SUV. Resolute, powerful and super strong. Built to tow tonnes. Constructed for off-road capability. Designed to carry loads. This is a big, smart SUV. For people who demand more.

Authentic, elegant good looks

Rexton says bold. Rexton shouts confident. Complemented by clever flourishes of design-led sophistication. It looks good. It drives better.

Crystal clear LED headlamps

Smart, sharp, intelligent LED headlamps and combined with white LED positioning lights which change to orange for use as indicators.

Sleek, aerodynamic door mirrors

Moulded, electronic door mirrors with integrated turn indicators and puddle lights give perfect rear vision.

All-new radiator grille

Big, imposing, proud and distinctive. The radiator grille is unmistakeable in a rear-view mirror.

Clearly confident, undoubtedly dynamic

Unashamedly muscular, yet sporty, latent and ready-to go. A hint of twin tailpipes lend an adventurous, impudent finishing touch.

Full LED combination lamp

Side steps

Sunroof

Big car little touches

Smart key

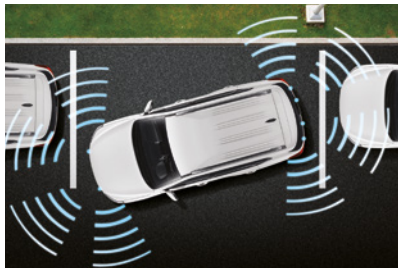
Once the key fob is detected the driver's door can be opened with a button and the car started by push button allowing the fob to stay in your pocket or bag.

Touch sensing door handles

Keep your key in your pocket. Doors can be opened with just a touch or a gentle grip.

Clean-sill door

The sill covers the bottom of the door, so your clothes are protected when getting in or out of the vehicle.



Park assist system

Rexton features front and rear parking sensors to add audible assistance to parking in tight spaces.

Wireless Charging

Surrounded by style

Indulge yourself. Rexton is leathery and luxurious. Bristling with high tech features yet quietly confident and comfortable, the interior is a place to relax and enjoy the ride.

A new level of comfort

Rexton takes comfort to new levels. High quality elegantly quilted Nappa leather adorns easily accessible seating. Thoughtful touches abound.

Driver intel, distinctive and instinctive

When the user experience goes beyond just driving, data becomes crucial. You need facts fast. Rexton provides information with clarity and intelligence. The way you view it is up to you.

Digital format

Full digital display with modern graphics and traffic sign recognition.

Analogue style cluster

See everything that's most important to you. Dials on the outside other data in the centre.

Digital instruments with in-cluster navigation

Instantly available information with full colour map display to give you the overall picture.

The infotainment hub

More than just a navigation and media playback device, Rexton offers a comprehensive platform for all kinds of content. Information at a glance. Entertainment just a fingertip away.

9.2" TomTom© Navigation system

Features a high definition 9.2" screen, DAB radio, TomTom© Navigation, Apple CarPlay or Google Android Auto to play your favourite podcasts or tracks whilst keeping you on track.

8" screen smart audio

An 8" touchscreen controls DAB radio, Apple Carplay or Android Auto. Connect your smartphone to the car, or use Bluetooth connectivity, or a handy USB.

Google Android Auto and Apple CarPlay*

No need to look down at your phone, it's all on-screen. Access invaluable apps and enjoy your music library whilst on the move.

3D around-view monitoring system

Four cameras provide the display with an aerial view of the vehicle and its surroundings. Parking has never been easier. Or more tech savvy.

High in the driving seat, totally in control

The lofty driving position instils confidence on the move. You're completely in control inside too, with touch sensitive electronic controls at your fingertips. You set the mood, you set the style.

Dual-zone air-conditioning

Everyone is individual. You may want to turn the heat up, whilst your passenger stays cool. Dual zone. Joint decision. Perfect harmony.

Overhead console

The new overhead console uses touch sensitive buttons to control internal lights, and shows data including seat belt reminders.

Electronic parking brake

The electronic parking brake makes parking Rexton securely a doddle, it also has a useful automatic hill hold function to help pulling away when towing or on steep hills.

Unashamedly XXXL

Rexton is roomy. Rexton is big. The rear cargo space is simply cavernous. With the rear seats down there are almost 2000 litres of useable space. And with a smart power tailgate it all opens up before you as you approach with an intelligent key fob.

Smart power tailgate

In comfort, in harmony

Koreans talk of 'Noon-Chi'. It's a phrase which means being in touch with the feelings of others and in harmony with your environment. Rexton has the 'Noon-Chi' you need for a comfortable, harmonious drive.

Heated front and rear seats

Heated front and rear seats are an indulgence that cossets on early morning winter drives.

Ventilated and power adjustable front seats

Power adjustment makes finding your place a doddle - there's 8 way power adjustment to the driver's seat (6 way front passengers) both with power lumbar support.

Double folding 2nd row seats

Second row seats fold and tumble for better 3rd row access and increased load space when folded.

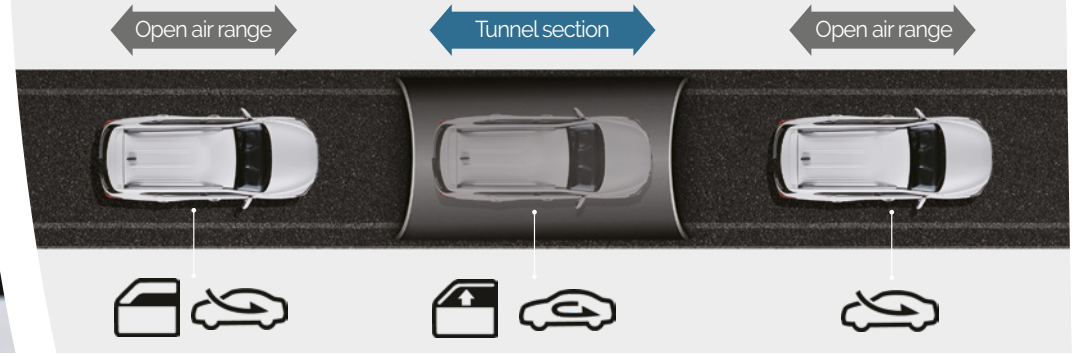
Heated and adjustable steering wheel

When it's cold outside, there's nothing more warming than the comfortable touch of a heated steering wheel.

Remote control audio and cruise control on steering wheel

Auto headlamps and auto washer controls

A system that helps maintain clean cabin air by automatically switching to the internal air circulation mode when a vehicle enters a tunnel using navigation information.



Automatic internal circulation mode (Tunnel mode)

Interior designed

In Korea, attention to detail counts for everything. The Rexton is packed with tiny added extras which bring a smile to your face and just a little joy.

Easy entry passenger walk-in feature adjusts passenger seat down and forward

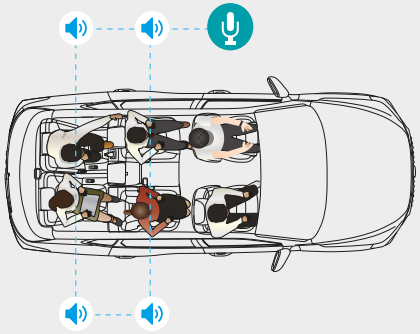
Double cup holder with sliding cover and 2xUSB chargers

Third row air conditioning

Illuminated stainless steel door sill protector

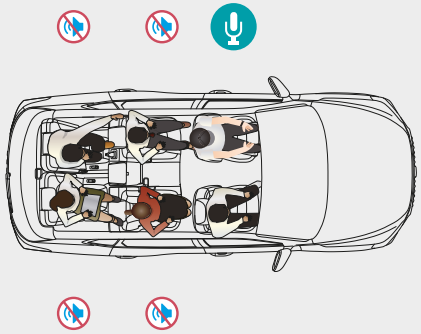
Rear 12v power outlet & 2xUSB chargers

Rear cabin talk mode and sleep mode capability allows 2nd/3rd row passengers communicate with driver or mute unwanted media from 2nd/3rd row mounted speakers.



Rear cabin talk mode

Driver can communicate with the 2nd and 3rd row passengers by using the microphone and speakers.



Rear cabin sleep mode

If the 2nd and 3rd row passengers do not wish to be disturbed, sleep mode can mute all 2nd/3rd row seats speakers.

Rear cabin talk mode

Torque of the town, and country

Rexton has almost endless pulling power. Whether you're towing a classic horsebox or a double axle caravan, Rexton has got what it takes.

2.2L e-XDi220
Max Power
202ps
3,800rpm

Max Torque
441Nm
1,600~2,600rpm

2.2L e-XDi220 diesel engine

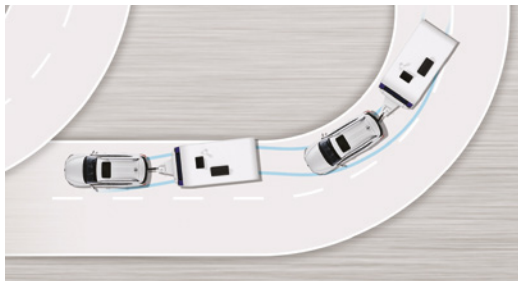
420Nm at 1600-2600rpm provides tons of low-end torque for effortless cruising whatever the conditions, whatever the load. Highly efficient, this quiet power unit offers progressive acceleration from a standing start.

8-speed automatic transmission with shift-by-wire

The new 8-speed, electronically controlled shift-by-wire automatic transmission delivers an efficient response, shifting between ratios smoothly and quietly.

Drive mode selector

The automatic transmission features selectable drive modes (NORMAL / SPORT / WINTER) for safe driving and a customizable driving experience.



Trailer sway control

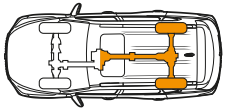
Driving stability is improved by automatic detection and stabilisation when the trailer begins to yaw or sway.

Serious 4x4 capability

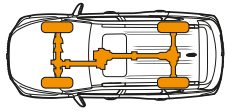
Whether the challenge is snow or ice, extreme off-road terrain or towing a 3.5 tonne trailer, Rexton has the muscle and intelligence to handle any challenge.

Part-time 4WD

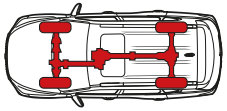
Part-time four-wheel drive allows the driver to choose when to activate the system, depending upon changing conditions on or off the road. There is the choice of high range 4x4 for slippery conditions or low range for when the going gets really tough.



2WD High-speed range



4WD High speed range



4WD Low-speed range

Hill start assist

Rolling backwards during a hill start is a thing of the past with the new Rexton. In these kinds of situations, hill start assist acts as an automatic handbrake and is a great benefit when driving in tricky conditions or when towing.

Hill descent control

Stay in control no matter how steep the incline. A low speed control activates when the vehicle is handling a steep downhill drive, automatically controlling the rate of descent.

Protecting you and yours

Safety is paramount. A shock absorbing crash zone protects passengers, the Ultra-rigid Quad frame delivers unsurpassed safety, and the exterior is designed to minimise injuries to pedestrians.

Advanced high-strength steel construction

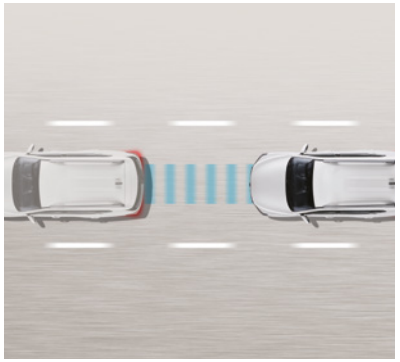
The new Rexton is built on extremely strong foundations. Its body-on-frame construction is built using 1.5Gpa ultra-strength steel. In fact, 81.7% of the steel in the car's body uses high-strength, high-density, high-tensile steel.

9 airbags

For maximum passenger protection on impact, the car is equipped with 9 air bags. The most in its class.

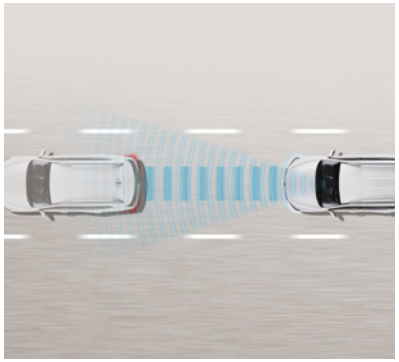
Smart safety

Rexton features Advanced Driver Assist Systems which have been designed and developed to enhance driver and passenger safety in all driving situations.



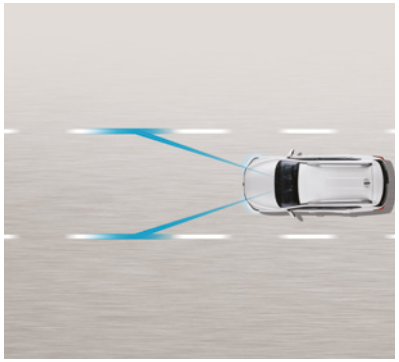
Autonomous Emergency Braking System

When a frontal collision is anticipated, this function automatically applies the brakes to prevent a collision.



Safety Distance Warning

Detects the distance to the vehicle ahead and warns the driver when a safe distance is not properly maintained.

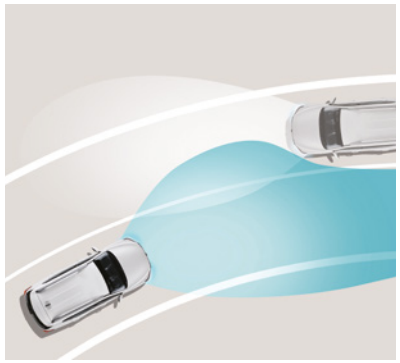


Lane Departure Warning System

Notifies the driver when the forward camera detects an unintended lane departure by the vehicle.

Front Vehicle Start Warning

The system warns the driver when the front vehicle begins to move forward from a still position.

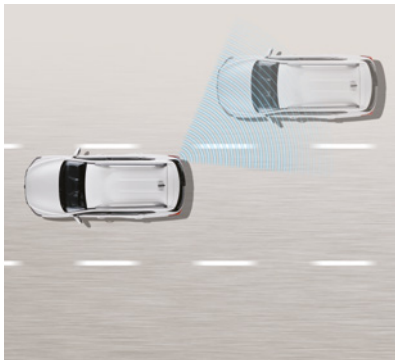


Smart High Beam

Automatically lowers the high beams when an approaching vehicle is detected, making night-driving easier.

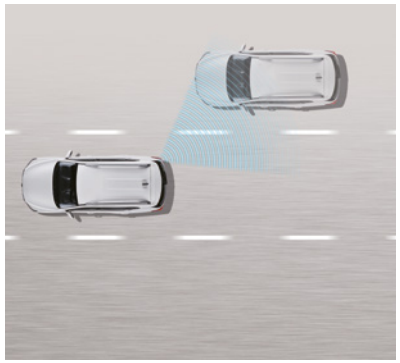
Speed Limit Warning

Detects an upcoming traffic sign, applies character recognition software to read it, and relays the icon to the infotainment display.



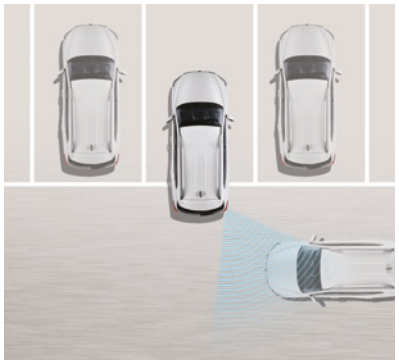
Lane Change-collision Warning

Detects vehicles rapidly approaching from behind and flashes a warning light on the outside mirror, to alert the driver.



Blind Spot-detection Warning

Senses vehicles coming up in the blind spot behind, the system warns with a flashing light on the outside mirror.



Rear Cross Traffic Warning

By using rear-corner radars, the system helps to prevent backing into cross traffic by alerting when vehicles are detected.

The 4x4 that knows no limits

There are no limits to where you can go. No limits to what you can do. Few limits to what you can carry. With Rexton, your potential is unlimited.

Ventura

There's entry level. And there's entry level Rexton. Ventura comes bristling with spec, engineered as standard. There are LED lights all round, a sumptuous interior plus a 12.3" digital cluster that links with the 8" infotainment unit. It's Rexton. But practical, economical, affordable Rexton.

- 2.2L diesel engine
- 8 speed automatic transmission
- Selectable 4x4 with low ratio
- 7 seats
- 18" alloy wheels
- Full LED headlamps
- 12.3" full digital instrument cluster
- Luxury faux leather seats
- Electric adjustable driver & front passenger seats
- Heated front & rear seats
- Ventilated front seats
- Automatic dual zone air-conditioning
- Heated steering wheel
- 8" smart audio screen with rear-view camera & Bluetooth connectivity
- Apple Car Play & Google Android Auto
- 9 air bags
- Side steps
- Smart safety features: Autonomous Emergency Braking, Safety Distance Warning, Lane Departure Warning, Front Vehicle Start Warning, Speed Limit Warning, Smart High Beam, Trailer sway control

Ultimate

Step up from Rexton Ventura to the Rexton Ultimate - which truly is ultimate by name, ultimate by nature. This luxurious specification builds on the Ventura by offering exceptional Nappa leather upholstery, a 9.2" HD screen with TomTom navigation, mood lighting, a power tailgate, and a full suite of safety devices.

As Ventura spec +

- Premium nappa leather seats
- 9.2" HD audio screen with TomTom navigation & rear-view camera
- Privacy glass: rear door, quarter & tailgate
- Stainless steel and illuminated door sill finishers
- LED cabin mood lighting
- Smart powered tailgate
- Touch sensing front door handles
- Smart-key system with window control & auto closing function
- Additional smart safety features: Lane Change Collision Warning, Blind Spot Detection Warning, Rear Cross Traffic Warning

Ultimate Plus

The Ultimate Plus exudes luxury at the highest level. Featuring all of Ultimate's assets, the Ultimate Plus adds striking 20" alloys, a sunroof, wireless phone charger and air conditioning all the way through to the 3rd row of seats and offers a 3D 360° monitoring camera system for added safety and peace of mind. Perhaps the most lavish offering of all, is its upgraded Nappa leather and suede seat upholstery combination for ultimate opulence.

As Ultimate spec +

- Quilted premium nappa leather and suede seat upholstery
- Driver seat memory function
- Metallic/Pearl paint as standard
- Rear passenger door sunblinds
- Power sunroof
- 3D around view camera monitoring system
- 20" alloy wheels
- Wireless phone charger
- Third row air conditioning
- Dipping mirrors

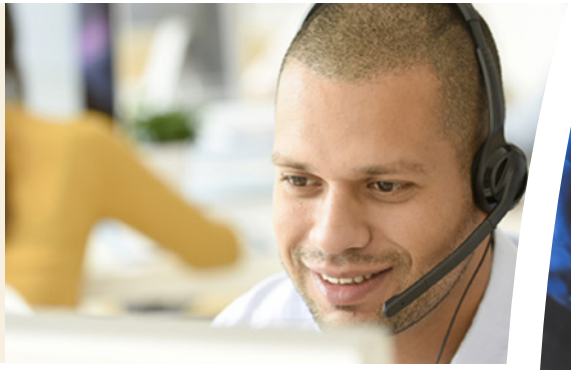
Customer service

We care passionately about delivering outstanding customer service. Attention to detail is important, so any question you ask, we'll do our very best to answer it.



SsangYong assistance

All SsangYong new vehicles come with 12 months Roadside Assistance, providing you with the best level of customer care both in the UK and on Mainland Europe.

5-year warranty

It's reassuring to know that the Rexton range comes with a 5-year / 100,000 mile warranty. It's a Korean thing. When we promise something, we stick to it. If something goes wrong and it's definitely our fault, we fix it. Our customers like it, and they tell other people about it. So everybody's happy.

3-Year Service Plans

We've got your Rexton covered for £27.99* per month

A SsangYong service plan will help maintain the 5-year warranty, prolong vehicle life, sustain vehicle performance and aid trouble-free motoring - giving peace of mind at a manageable monthly cost.
A SsangYong service plan covers new vehicles from registration and covers the following;

- The vehicle's first 3 scheduled services
- The vehicle's first M.O.T
- 2 Years extended RAC roadside recovery

*Service plans run for 33 months on Rexton. Service intervals: 12 months or 12,500 miles

January 2023
