Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please [click here](#)

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën Retailer for the most up-to-date prices and specification details for all models.

11 driving aids

Citroën C3 has 11 safety and driving aid systems to improve everyday motoring, including:

Options

• Standard equipment

Some options may change CO₂ emissions,
please check with you local retailer.

Glossy Black colour pack	•	•	£0	£0
PLUS: Anodised Deep Red colour pack (not available when Iceland Blue body colour chosen), includes dark tinted rear windows and chrome window surrounds		£150		
MAX: Anodised Deep Red colour pack (not available when Iceland Blue body colour chosen)			£0	

Comfort & convenience				
Opening glazed sunroof			£800	£800
Heated steering wheel			£50 ¹	•

1 Standard on MAX PureTech 130 S&S EAT8 automatic and MAX BlueHDI 130 S&S EAT8 automatic.

2 Offers faster charging only where three-phase power is available. We do not recommend this option unless you intend to charge your Ë-C4 primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will actually charge your vehicle more slowly than the standard 7 kW single-phase onboard charger.

	YOU!	PLUS	MAX	ë-series
Interior ambiances				
Hype Black interior ambience - black “Siena” leather and black leather effect textile seats with Zephyr Grey stitching Includes 4-way electric driver’s seat with manual longitudinal adjustment, plus driver’s electric lumbar adjustment and massage function. Brings carpet mats				£500
ë-series interior ambience - light grey Alcantara® R-Evolution fabric and mid grey leather effect textile seats				£0
Technology and driver assistance				
Techno Pack for Electric / EAT8 automatic versions - features 360 Vision parking camera system, Highway Driver Assist incorporating Adaptive Cruise Control with Stop&Go, 15W wireless smartphone charging			£550	
Techno Pack for manual versions - features 360 Vision parking camera system, 15W wireless smartphone charging			£350	
360 Vision Pack				£200

Safety and security				
Safety Pack Plus for YOU! - Active Safety Brake with video and radar assistance (functions at night; detection of cyclists) Extended traffic sign recognition	£1,300			
Safety Pack Plus for PLUS - Advanced Active Safety Brake with video and radar assistance (functions at night; detection of cyclists) Extended traffic sign recognition		£1,100		
Safety Pack Plus without Adaptive Cruise Control			-£135	

Electric vehicle options (for Ë-C4 Electric only)				
11 kW three-phase onboard charger - offers faster charging only where three-phase power is available ²	£300		£300	£300

Towing options				
Factory-fitted demountable towbar - not available on Ë-C4 Electric. Please check towing weights in Technical Specifications.	£400	£400	£400	

Citroën Smart Pad Support™

A retractable support system built into the dashboard lets front passengers secure their tablet safely.

Highway Driver Assist

The semi-autonomous system combines adaptive cruise control (with Stop & Go function) with a system that keeps the vehicle in its lane.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën retailer for the most up-to-date prices and specification details for all models.

Ease of charging

Battery charging at home, work or at a public charging station is intuitive and easy thanks to indicator lamps on the charging flap which lets you monitor progress.

	YOU!	PLUS	MAX	ë-series
Interior ambiances				
Hype Black interior ambience - black “Siena” leather and black leather effect textile seats with Zephyr Grey stitching, heated driver and front passenger seats, central folding rear armrest with cupholders and ski hatch, deluxe leather steering wheel with two commands blocks, fitted carpet mats. Includes 4-way electric driver’s seat with manual longitudinal adjustment, plus driver’s electric lumbar adjustment and massage function				£500
ë-series interior ambience - light grey Alcantara® R-Evolution fabric and mid grey leather effect textile seats				£0

Technology and driver assistance				
Techno Pack for Electric / EAT8 automatic versions - features 360 Vision parking camera system, Highway Driver Assist incorporating Adaptive Cruise Control with Stop&Go, 15W wireless smartphone charging			£550	
360 Vision Pack				£200

Safety and security				
Safety Pack Plus for YOU! - Active Safety Brake with video and radar assistance (functions at night; detection of cyclists), Extended traffic sign recognition	£1,300			
Safety Pack Plus for PLUS - Active Safety Brake with video and radar assistance (functions at night; detection of cyclists) Extended traffic sign recognition		£1,100		
Safety Pack Plus without Adaptive Cruise Control			- £135	
Safety Pack Plus without Highway Driver Assist or Adaptive Cruise Control				- £270

Electric charging options				
11 kW three-phase onboard charger - offers faster charging only where three-phase power is available¹	£300		£300	£300

Highway Driver Assist

This semi-autonomous driving system combines the Adaptive Cruise Control with Stop & Go function and a system which keeps the vehicle in its lane.

1 Offers faster charging only where three-phase power is available. We do not recommend this option unless you intend to charge your ë-C4 X primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will not offer any improvement in charging time over the 7 kW onboard charger.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën Retailer for the most up-to-date prices and specification details for all models.

Predisposition for accessory spare wheel (wheel sold separately) - deletes puncture repair kit (not available on Plug-In Hybrid)	£20	£20	£20

Highway Driver Assist

This system actively maintains the lateral position of Citroën C5 Aircross in its traffic lane and features Adaptive Cruise Control with Stop & Go, so your C5 Aircross can bring itself to a stop and move off again according to the movements of the vehicle in front.

Blind Spot Monitoring

Using orange LEDs in the wing mirrors, this monitoring system indicates to the driver that there is a vehicle in their blind spots.

Please note, petrol and diesel versions of Berlingo are homologated as 'N1' (light goods vehicle under 3.5 tonnes) due to having a mesh bulkhead behind the second row of seats, and therefore subject to Vehicle Excise Duty and UK speed limits applicable to light goods vehicles. The petrol and diesel versions may also attract the higher light goods vehicle toll road charges where applicable.

Mesh bulkhead in the petrol and diesel versions of Berlingo

1 The SpeedCam/Danger Zones package helps you identify situations which require increased attention by sending you both audible and visual alerts (subject to settings). Within the UK the service highlights different types of speed cameras, and red light cameras, as well as accident blackspots. While the service is operational across most of Europe, it adapts as necessary when travelling in different countries to ensure the local laws with respect to Speed Camera identification are followed. This option can be added to your Citroën Connect Nav subscription at any time. Please visit <https://services-store.citroen.co.uk/> to subscribe.

2 Subject to subscription – please visit <https://services-store.citroen.co.uk/> to subscribe.
