Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO<sub>2</sub> figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO<sub>2</sub> and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures.

\* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

Options

• Standard equipment

Some options may change CO<sub>2</sub> emissions, please check with you local dealer.

Keyless Entry and Start - petrol/diesel versions only (standard on Ë-C4 Electric Shine Plus versions)		£300	•	•
Heated steering wheel (standard on Ë-C4 Electric Shine Plus versions)			•	£50

Interior ambiances				
Hype Black interior ambience - black “Siena” leather and black leather effect textile seats with Zephyr Grey stitching Includes 4-way electric driver’s seat with manual longitudinal adjustment, plus driver’s electric lumbar adjustment and massage function. Brings carpet mats				£500

1 Subject to subscription – please visit <https://services-store.citroen.co.uk/> to subscribe.

2 Offers faster charging only where three-phase power is available. We do not recommend this option unless you intend to charge your Ë-C4 primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will actually charge your vehicle more slowly than the standard 7 kW single-phase onboard charger.

	Sense	Sense Plus	C-Series Edition	Shine Plus
Technology and driver assistance				
City Park Pack (adds Park Assist and 360 Vision)			£350	£350

# NEW CITROËN ë-C4 X

Models produced from 01 December 2022

## Prices

New ë-C4 X Electric joins the latest generation of the Citroën car family, providing a distinctive and elegant alternative to conventional medium-sized hatchbacks and SUVs.

At 4.6 metres long, its distinctive profile gives the impression of leaping forwards. At the rear, elegant LED lights complement those at the front.

Trim	Engine	WLTP CO <sub>2</sub> g/km*	Electric Range Combined (Miles)	Electric Range City (Miles)	Ins. Group (1-50)	Basic MRRP	V.A.T.	Total MRRP	'On the road' MRRP*	P11d value	B.I.K. tax rate	Annual BIK @20% tax band	Annual BIK @40% tax band

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO<sub>2</sub> figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO<sub>2</sub> and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures.

\* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

# NEW CITROËN ë-C4 X

Models produced from 01 December 2022. All prices are inclusive of VAT.

## Options

- Standard equipment

Some options may change CO<sub>2</sub> emissions, please check with your local dealer.

	<i>Sense</i>	<i>Shine</i>	<i>Shine Plus</i>
Body colours			
Polar White body colour (standard)	•	•	•
Metallic paint body colour (Perla Nera Black, Cumulus Grey, Platinum Grey)	£595	£595	£595
Premium metallic paint body colour (Elixir Red)	£720	£720	£720
Pearlescent paint body colour (Pearl White)	£720	£720	£720

Colour packs (Foglight surrounds, Airbump highlight)			
Glossy Black colour pack (also standard on ë-C4 X Sense when Elixir Red body colour chosen)	£0	£0	£0
Glossy Silver colour pack (also standard on ë-C4 Shine and Shine Plus when Elixir Red body colour chosen)		£0	£0
Anodised Deep Red colour pack		£0	£0

Comfort & convenience			
Opening glazed sunroof		£800	£800
Rear parking camera	£180		

Interior ambiances			
Hype Black interior ambience - black “Siena” leather and black leather effect textile seats with Zephyr Grey stitching, heated driver and front passenger seats, central folding rear armrest with cupholders and ski hatch, deluxe leather steering wheel with two commands blocks, fitted carpet mats. Includes 4-way electric driver’s seat with manual longitudinal adjustment, plus driver’s electric lumbar adjustment and massage function		£800	£800

Technology and driver assistance			
Wireless smartphone charging			£150
Citroën HiFi System - 1 speaker in dashboard centre, 4 woofers in doors, 2 tweeters in pillars, 1 subwoofer		£350	£350
Citroën Smart Pad Support - universal tablet cradle		£100	£100
Citroën Smart Pad Support - dedicated tablet cradle for Apple iPad Air 2		£100	£100
Citroën Smart Pad Support - dedicated tablet cradle for Samsung Galaxy Tablet A 10.5”		£100	£100

Safety and security			
Safety Pack Plus for Sense - Active Safety Brake with video and radar assistance (functions at night; detection of cyclists), Extended traffic sign recognition	£1,300		
Safety Pack Plus with Highway Driver Assist		£400	•

Electric charging options			
11 kW three-phase onboard charger - offers faster charging only where three-phase power is available <sup>1</sup>	£300	£300	£300

<sup>1</sup> Offers faster charging only where three-phase power is available. We do not recommend this option unless you intend to charge your ë-C4 X primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will not offer any improvement in charging time over the 7 kW onboard charger..

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO<sub>2</sub> figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO<sub>2</sub> and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures.

\* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

# CITROËN Ë-SPACETOURER

Models produced from 01 January 2023. All prices are inclusive of VAT.

## Options

- Standard equipment

Some options may change CO<sub>2</sub> emissions, please check with you local dealer.

1 The SpeedCam/Danger Zones package helps you identify situations which require increased attention by sending you both audible and visual alerts (subject to settings). Within the UK the service highlights different types of speed cameras, and red light cameras, as well as accident blackspots. While the service is operational across most of

Europe, it adapts as necessary when travelling in different countries to ensure the local laws with respect to Speed Camera identification are followed. This option can be added to your Citroën Connect Nav subscription at any time. Please visit <https://services-store.citroen.co.uk/> to subscribe.

	Business Edition	Business	Business Lounge
