During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2019

The spectacular design of the 100% electric 19_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

CITROËN
Origins

CLICK ON THE LOGO
TO FIND OUT MORE

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

NEW DESIGN

New Citroën C3 Aircross SUV's personality is even more assertive, and now it exudes more status, strength and modernity than ever before. The chrome-trimmed chevrons have been upgraded and extended out towards the Eco-LED lights. The distinct geometric pattern on its redesigned front grille, and an aluminium-grey skid plate with coloured inserts both further enhance its robust character.

MORE STRIKING CHARACTER

New Citroën C3 Aircross SUV has a muscular and powerful stance that's enhanced by its high, horizontal bonnet, generous volumes and lower body and wheel arch protectors. Its SUV credentials are clear from the very first look. The uninterrupted glazed area around the body provides a feeling of well-being, airiness and further emphasises its strong and unique personality.

STANDARD AMBIENCE

The sleek, clean design features seat upholstery in Mica Grey fabric combined with a textured grey dashboard.

METROPOLITAN GRAPHITE AMBIENCE*

Opulent and fashion-forward, this combines black leather-effect and flecked-grey cloth upholstery with a wrapped dashboard. The seat backrests feature a transverse strip with a textured light wood effect. The refinement is further enhanced by Citroën's new hallmark overstitching in the form of stylised chevrons.

HYPE GREY AMBIENCE*

This refined, top-of-the-range ambience combines grey-green leather and black leather-effect upholstery with a wrapped dashboard. The seat backrests feature Citroën's new hallmark overstitching in the form of stylised chevrons.

* Features vary according to model and trim selected and may be standard or optional. Metropolitan Graphite & Hype Grey ambiances include Citroen Advanced Comfort® seats.

3 INTERIOR AMBIENCES

The interior design of New Citroën C3 Aircross SUV takes inspiration from the worlds of travel, fashion and furniture. Three very different ambiances are available, with each bringing unique decorative features to create a unique mood.

ADVANCED COMFORT SEATS

At the core of our comfort mission, New Citroën C3 Aircross SUV is now equipped with seats that bring a level of comfort inspired by the luxury furniture industry. These seats offer unrivalled support and driving comfort.

Their inviting appearance immediately encourages you to take a seat, thanks to their innovative, typically Citroën design. The combination of a variety of textured foams provides for surface comfort akin to that of a mattress topper, whilst the core of the seats, ensures excellent support for driver and passengers alike.

A SPACIOUS AND FUNCTIONAL PASSENGER COMPARTMENT

Thanks to its height and ingenious architecture, New Citroën C3 Aircross SUV combines two key values: external compactness whilst providing a large and versatile amount of usable space on the inside. It boasts one of the largest passenger compartments in its segment. No matter which seat you're in, all offer exceptional headroom and generous legroom.

New Citroën C3 Aircross SUV now features a redesigned centre-console, with cup holders and a storage compartment (with sliding cover) accessible to both front and rear passengers. Additional storage spaces include a pen holder and storage in front of the gear lever. The generous front and rear door pockets provide space for additional items.

GRIP CONTROL

WITH HILL DESCENT ASSIST

Grip Control* adapts the traction of the vehicle's front wheels according to the terrain you're on. You can allow Grip Control to act automatically via the standard mode or you can select one of the five modes (Standard, Snow, Mud, Sand, ESP OFF) yourself. Thanks to this system, New Citroën C3 Aircross SUV can venture out on all types of road, whatever the conditions. Working with the Grip Control*, Hill Descent Assist holds the vehicle at a low speed, to keep you in control and safe even on steep slopes. It helps reduce the risk of the vehicle slipping or running away as

it travels downhill, when moving forwards as well as in reverse. This feature is activated by pressing the dedicated button on the centre console.

* Features vary according to model/trim selected and may be standard or optional.

COLOUR HEAD-UP DISPLAY*

For greater safety, the driver is provided with essential driving information directly within their line of sight: speed, cruise control-speed limiter settings, collision alert and navigation guidance are shown in colour on a retractable display.

* Features vary according to model/trim selected and may be standard or optional.

CONNECTIVITY

New Citroën C3 Aircross SUV offers innovative, useful and easy to use connectivity solutions. Citroën Connect Nav* can be controlled by voice recognition or via the 9" capacitive touchscreen*. It can be configured to provide real-time traffic information, Speedcam alerts, locations of car parks, service stations, fuel prices and even weather forecasts.

With the Citroën Connect Play technology, incorporating Android Auto and Apple CarPlay™, it's possible to connect a compatible smartphone and control compatible apps directly from the touchscreen.

Citroën Connect Box* combines emergency callout and roadside assistance services. These are free services, available 24 hours a day, seven days a week, that guarantee precise vehicle locating and a rapid emergency services response, in the event of breakdown, illness or accident.

* Features vary according to model/trim selected and may be standard or optional.

EFFICIENT 3 ENGINES

New Citroën C3 Aircross SUV is equipped with a range of economical and efficient engines.

The PureTech 110 S&S and PureTech 130 S&S naturally aspirated and turbocharged engines belong to the PureTech family of petrol engines. This range of engines reduces fuel consumption and CO₂ emissions, while at the same time being even more lively than the previous generation.

The BlueHDi 110 S&S engine benefits from technology that continuously processes the engine's pollutant emissions, thus complying with Euro 6 standards. The exhaust system has three emission-control components: the oxidation catalyst, the additive particle filter (which processes the particles by number and by mass), and the Selective Catalytic Reduction system, positioned upstream of the filter, which reduces the nitrogen oxides (NO_x) emitted by the engine.

(1) Figures shown are for comparison purposes and should only be compared to the range values of other cars tested to the same technical standard. The range achieved in real world conditions will depend upon a number of factors: (including but not limited to) the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption (and zero emissions range) and CO₂ figures. These CO₂ figures are used to calculate the Vehicle Excise Duty (VED) for the first registration of the vehicle. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

DIMENSIONS

* Mirrors folded. ** With roof bars.
Measurements in millimetres.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

- **CITROËN WARRANTY**
Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

- **CITROËN ASSISTANCE**
Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at <https://www.citroen.co.uk/owner-services/emergency-assistance>

* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided warranty, only on cars sourced from Citroën UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.
** Against all internal to external perforation to bodywork or underbody.

- **CITROËN MAINTENANCE**
From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

- **CITROËN SERVICING**
Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën Dealer.

- **CITROËN MOT TEST**
Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën dealer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

DOWNLOAD THE MYCITROËN APP
on your smartphone and benefit from information and services personalised to your Citroën vehicle.

DOWNLOAD THE SCAN MY CITROËN MOBILE APP
Get all the vital information at your fingertips. Scan features and components and access details of the exact new Citroën that you're interested in.

RATE, SUBMIT AND SHARE YOUR OPINION ABOUT YOUR VEHICLE
or in a Citroën Dealership when purchasing or servicing your vehicle. Ratings and reviews are published on the Citroën website.

BP PULSE
We've partnered with bp pulse, the largest public charge network in the UK, to offer Citroën customers buying a brand new electric vehicle a 6 month free subscription to bp pulse. This offers access to a wide range of public charging points, many of which do not incur any extra charge for electricity used.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

NEW CITROËN C3 AIRCROSS SUV
